Summary

The Tremco Canada Division, RPM Canada is committed to protecting the environment, preserving the health and safety of our employees and communities, and assuring the safe operations of our processes. As such we continue to work to reduce the use of VOCs. VM&P Naptha are used to in the formulation of Waterproofing, Sealants, Adhesives and Coating materials. It is also used as a processing aid and for cleaning.

Options Implemented

Reformulation for reduction

Timelines

Completed November 2013.

As of December 17, 2013, I certify that I have read the toxic substance reduction plan for Speciated VOCs and am familiar with its contents, and to my knowledge the plan is factually accurate and complies with the Toxics Reduction Act, 2009 Ontario Regulation 455/09 made under the act.
